

LE SUEUR COUNTY

County History

Le Sueur County is named after the great French explorer, Pierre Charles Le Sueur, who traveled up the St. Peter's River (now known as the Minnesota River) in the year 1700. The county seat of Le Sueur County is Le Center. The city's original name, Le Sueur Center, was changed to Le Center in 1930. The Le Sueur County Courthouse was built in 1896-97 with extensive remodeling taking place in 1974-75 and again in 1994-95.

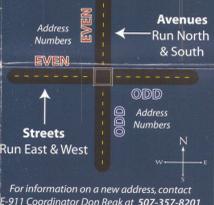

E-911 Addressing System

The Le Sueur County's Enhanced 911 rural addressing system is based on a grid with streets running east and west & avenues running north and south. Roads that do not have a predominant direction are individually named. All dead end roads are named lanes.

Street numbers increase from north to south and avenue numbers increase from east to west. The street and avenue numbers change by 10 for each mile traveled.

Individual addresses change by 1000 for each mile. Homes along the north and west sides of roads have even-numbered addresses. Homes along the south and east sides of roads have odd-numbered addresses.

The roads and addresses around Lake Washington do not follow the same numbering system as the rest of the county. The area has a locatable address system in place before the county implemented the current system.

Le Sueur County Master Road Index
