under Paragraph 2(c) of this Agreement. The Viewers and the Company will provide an estimate to the Drainage Authority and receive approval to proceed from the Drainage Authority before furnishing the Additional Services.

2. RATES AND FEES. The Drainage Authority shall pay the Company the following amounts for the Services:

- a. Fees for General Viewing Services. The Drainage Authority shall pay the Company for the Viewers' performance of the General Viewing Services at the rate of \$3.95 per acre for all acres evaluated by the Viewers or otherwise determined to be benefitted or damaged (the "**Per Acre Charge**").
- b. Hourly Services Charge. In addition to the foregoing Per Acre Charge, for the Hourly Services, the Drainage Authority shall pay the Company an amount calculated at the rate of \$50/hour (the "**Hourly Charge**") for time spent by each of the Viewers and Company staff performing the Hourly Services. Hourly Charges shall be calculated to the nearest one-quarter (1/4) hour.
- c. Litigation Fees. The Drainage Authority shall also pay the Company an additional amount calculated at the rate of \$90/hour (the "**Litigation Fee**") for work performed for each Viewer's time spent at any appearances required of any of the Viewers in court regarding the Services or reports provided under this Agreement, or any work provided as part of an appeal.
- d. Authorized Discharge Facilities. In the event the Viewers' duties include the determination of benefits and fees for authorized municipal stormwater, municipal wastewater or commercial or industrial discharges (each hereinafter defined as an "**Authorized Discharge Facility**"), an additional charge of \$750.00 per Authorized Discharge Facility.
- e. Out-Letting Systems. An additional charge of 50% of the Per Acre Charge for all acres evaluated by the Viewers or otherwise determined to be benefitted or damaged by the Redetermination of Benefits, if a contributing drainage system uses the Drainage System. For example, if there is a \$4.00 Per Acre Charge, an additional \$2.00 per acre will be charged for all acres evaluated by the Viewers or otherwise determined to be benefitted or damaged.
- f. Continuations. In the event of any hearing continuation, an additional charge of \$2,000.00 per continuance.

- g. Landowners' Meeting. \$2,000.00 for each Landowners' Meeting (the "**Landowners' Meeting Fee**"). The Drainage Authority acknowledges and agrees that the Landowners' Meeting Fee shall automatically be revised without the Drainage Authority's consent, to the Company's then current fee amount, in the event it takes longer than twelve (12) months after submission of the Viewer's Report to the Drainage Authority, to hold the Landowners' Meeting. In the event the Drainage Authority works several systems into one Landowners' Meeting, only one Landowners' Meeting Fee will be charged (not one for each system).
 - h. Final Hearing. \$2,000.00 for the Final Hearing (the "**Final Hearing Fee**"). The Drainage Authority acknowledges and agrees that the Final Hearing Fee shall automatically be revised without the Drainage Authority's consent, to the Company's then current rate, in the event it takes longer than twelve (12) months after submission of the Viewer's Report to the Drainage Authority, to hold the Final Hearing.
 - i. Expenses. In the event the Viewers and/or the Company provide any Hourly Services or Additional Services, the Drainage Authority shall reimburse the Viewers' for their expenses incurred in providing such services, which shall include, but not be limited to mileage at the 2020 IRS standard mileage rate, meals, lodging and hotel costs and printing costs.
3. **PAYMENT.** The Drainage Authority shall pay to the Company all fees, surcharges and other amounts provided for above as follows:
- a. Payment Requests. The Company shall submit pay requests monthly. The Drainage Authority shall make payment directly to the Company within thirty (30) days after the Drainage Authority's receipt of a pay request for the Viewers' Services performed and expenses incurred, in the manner provided by law for payment of claims against the Drainage Authority.
 - b. Proration of Per Acre Charge and Out-Letting System Charge.
 - i. Monthly Amounts. Because the actual acreage evaluated or otherwise determined to be benefitted or damaged is not definite until completion of the Redetermination of Benefits, monthly amounts due and owing to the Company for the Per Acre Charge, as well as the Out-Letting System charge, shall be calculated and paid based upon ninety percent (90%) of the total estimated acreage to be evaluated or otherwise determined to be benefitted or damaged, as prorated over the course of the estimated time to complete the Redetermination of Benefits, as reasonably determined by the Company.

- ii. True-Up Payment. No later than thirty (30) days after the Company's submission of its Viewer's Report to the Drainage Authority, the Drainage Authority shall pay for any remaining amounts due and owing for the Per Acre Charge and the Out-Letting System Charge, based upon the actual final acreage evaluated and otherwise determined to be benefitted or damaged. These amounts shall be calculated by taking the Per Acre Charge and the Out-Letting System Charge and multiplying each by the actual acreage, and deducting from each respective charge, the amounts the Drainage Authority has already paid to the Company for each respective charge. To the extent the Drainage Authority has over-paid the Company based upon the actual acreage, the Drainage Authority shall be entitled to a credit for such overpayment.
- c. Remaining Payments. All other charges and expenses reflected within this Agreement not otherwise paid through monthly pay requests, shall be paid no later than thirty (30) days after the Company's submission of its Viewer's Report to the Drainage Authority. Notwithstanding the foregoing, in the event any charges reflected within this Agreement are incurred or the Services are performed after the Viewers' submission of the Viewer's Report, such charges shall be due within thirty (30) days after the Drainage Authority's receipt of a pay request for such charges and expenses.

4. AGREEMENT TERM AND TERMINATION.

- a. Term. The Viewers agree to furnish the Services commencing on or about July 14th, 2020 and, unless earlier terminated, this Agreement and the Services shall continue until the Redetermination of Benefits is complete and the Final Order, adopting the Viewers' Report and statements of benefits and damages, are adopted by the Drainage Authority.
- b. Drainage Authority Termination. The Drainage Authority may terminate this Agreement with the Viewers and Company at any time with or without cause. Notice of termination shall be given in writing and shall become effective not earlier than the date of mailing. If the Agreement is terminated, the Viewers and the Company shall be promptly compensated for Services performed and expenses incurred through the date of termination based on the amounts provided for under Section 2 of this Agreement.

 - ii. Attendance/Participation at Additional Meetings. Attend and participate in any additional public meetings.
- e. Additional Services. The Viewers may also furnish such additional services (the "**Additional Services**") as may be requested by the Drainage Authority from time to time, which are not listed as part of the General Viewing Services, Hourly Services, Landowner's Meeting or Final Hearing above, or which are not covered by the Litigation Fee

under Paragraph 2(c) of this Agreement. The Viewers and the Company will provide an estimate to the Drainage Authority and receive approval to proceed from the Drainage Authority before furnishing the Additional Services.

2. RATES AND FEES. The Drainage Authority shall pay the Company the following amounts for the Services:

- a. Fees for General Viewing Services. The Drainage Authority shall pay the Company for the Viewers' performance of the General Viewing Services at the rate of \$3.95 per acre for all acres evaluated by the Viewers or otherwise determined to be benefitted or damaged (the "**Per Acre Charge**").
- b. Hourly Services Charge. In addition to the foregoing Per Acre Charge, for the Hourly Services, the Drainage Authority shall pay the Company an amount calculated at the rate of \$50/hour (the "**Hourly Charge**") for time spent by each of the Viewers and Company staff performing the Hourly Services. Hourly Charges shall be calculated to the nearest one-quarter (1/4) hour.
- c. Litigation Fees. The Drainage Authority shall also pay the Company an additional amount calculated at the rate of \$90/hour (the "**Litigation Fee**") for work performed for each Viewer's time spent at any appearances required of any of the Viewers in court regarding the Services or reports provided under this Agreement, or any work provided as part of an appeal.
- d. Authorized Discharge Facilities. In the event the Viewers' duties include the determination of benefits and fees for authorized municipal stormwater, municipal wastewater or commercial or industrial discharges (each hereinafter defined as an "**Authorized Discharge Facility**"), an additional charge of \$750.00 per Authorized Discharge Facility.
- e. Out-Letting Systems. An additional charge of 50% of the Per Acre Charge for all acres evaluated by the Viewers or otherwise determined to be benefitted or damaged by the Redetermination of Benefits, if a contributing drainage system uses the Drainage System. For example, if there is a \$4.00 Per Acre Charge, an additional \$2.00 per acre will be charged for all acres evaluated by the Viewers or otherwise determined to be benefitted or damaged.
- f. Continuations. In the event of any hearing continuation, an additional charge of \$2,000.00 per continuance.

- g. Landowners' Meeting. \$2,000.00 for each Landowners' Meeting (the "**Landowners' Meeting Fee**"). The Drainage Authority acknowledges and agrees that the Landowners' Meeting Fee shall automatically be revised without the Drainage Authority's consent, to the Company's then current fee amount, in the event it takes longer than twelve (12) months after submission of the Viewer's Report to the Drainage Authority, to hold the Landowners' Meeting. In the event the Drainage Authority works several systems into one Landowners' Meeting, only one Landowners' Meeting Fee will be charged (not one for each system).
- h. Final Hearing. \$2,000.00 for the Final Hearing (the "**Final Hearing Fee**"). The Drainage Authority acknowledges and agrees that the Final Hearing Fee shall automatically be revised without the Drainage Authority's consent, to the Company's then current rate, in the event it takes longer than twelve (12) months after submission of the Viewer's Report to the Drainage Authority, to hold the Final Hearing.
- i. Expenses. In the event the Viewers and/or the Company provide any Hourly Services or Additional Services, the Drainage Authority shall reimburse the Viewers' for their expenses incurred in providing such services, which shall include, but not be limited to mileage at the 2020 IRS standard mileage rate, meals, lodging and hotel costs and printing costs.

3. **PAYMENT**. The Drainage Authority shall pay to the Company all fees, surcharges and other amounts provided for above as follows:

- a. Payment Requests. The Company shall submit pay requests monthly. The Drainage Authority shall make payment directly to the Company within thirty (30) days after the Drainage Authority's receipt of a pay request for the Viewers' Services performed and expenses incurred, in the manner provided by law for payment of claims against the Drainage Authority.
- b. Proration of Per Acre Charge and Out-Letting System Charge.
 - i. Monthly Amounts. Because the actual acreage evaluated or otherwise determined to be benefitted or damaged is not definite until completion of the Redetermination of Benefits, monthly amounts due and owing to the Company for the Per Acre Charge, as well as the Out-Letting System charge, shall be calculated and paid based upon ninety percent (90%) of the total estimated acreage to be evaluated or otherwise determined to be benefitted or damaged, as prorated over the course of the estimated time to complete the Redetermination of Benefits, as reasonably determined by the Company.

- ii. True-Up Payment. No later than thirty (30) days after the Company's submission of its Viewer's Report to the Drainage Authority, the Drainage Authority shall pay for any remaining amounts due and owing for the Per Acre Charge and the Out-Letting System Charge, based upon the actual final acreage evaluated and otherwise determined to be benefitted or damaged. These amounts shall be calculated by taking the Per Acre Charge and the Out-Letting System Charge and multiplying each by the actual acreage, and deducting from each respective charge, the amounts the Drainage Authority has already paid to the Company for each respective charge. To the extent the Drainage Authority has over-paid the Company based upon the actual acreage, the Drainage Authority shall be entitled to a credit for such overpayment.
- c. Remaining Payments. All other charges and expenses reflected within this Agreement not otherwise paid through monthly pay requests, shall be paid no later than thirty (30) days after the Company's submission of its Viewer's Report to the Drainage Authority. Notwithstanding the foregoing, in the event any charges reflected within this Agreement are incurred or the Services are performed after the Viewers' submission of the Viewer's Report, such charges shall be due within thirty (30) days after the Drainage Authority's receipt of a pay request for such charges and expenses.

4. AGREEMENT TERM AND TERMINATION.

- b. Drainage Authority Termination. The Drainage Authority may terminate this Agreement with the Viewers and Company at any time with or without cause.
