## ○ CSAH 2 Cold In-place Recycle Overlay –

**Project Details:** Re-surfacing of 5.5 miles of CSAH 2 (Dodd Road) between CSAH 15 and CSAH 11. Includes cold in-place recycling (CIR), bituminous paving, and aggregate shouldering. The project Contractor is unknown at this time. This project is tied with CSAH 7 below.

**Timeframe:** Start-up: Late spring – Mid summer. Estimated duration of 11 – 14 weeks (total for all paving projects tied together).

**Traffic Impacts:** Road to be open to traffic. Flagging and/or pilot car traffic control during construction operations.

**Main Contact Info:** Nathan Olson (Le Sueur County) – Project Manager

Direct: 507-357-8211

Email: [nathan.olson@lesueurcounty.gov](mailto:nathan.olson@lesueurcounty.gov)

## Project Updates:

- Project is in the planning stage

## ○ CSAH 7 Cold In-place Recycle Overlay –

**Project Details:** Re-surfacing of 4.2 miles of CSAH 7 (201<sup>st</sup> Ave) between CSAH 12 and CSAH 2. Includes cold in-place recycling (CIR), bituminous paving, and aggregate shouldering. The

project Contractor is unknown at this time. This project is tied with CSAH 2 above.

**Timeframe:** Start-up: Late spring – Mid summer. Estimated duration of 11 – 14 weeks (total for all paving projects tied together).

**Traffic Impacts:** Road to be open to traffic. Flagging and/or pilot car traffic control during construction operations.

**Main Contact Info:** Nathan Olson (Le Sueur County) – Project Manager

Direct: 507-357-8211

Email: [nathan.olson@lesueurcounty.gov](mailto:nathan.olson@lesueurcounty.gov)

## Project Updates:

- Project is in the planning stage

## ○ County-Wide Sealcoating

**Project Details:** Sealcoating on various roadways throughout the county. Roads will be swept of debris, fog-sealed, coated with crushed New Ulm quarry rock, compacted with rollers, excess rock removed, and finally, placement of new pavement markings. Project Contractor is unknown at this time.

**Timeframe:** Start-up mid-summer

**Traffic Impacts:** Road to be open to traffic. Flagging and pilot car traffic control during construction operations.

**Main Contact Info:** Nathan Olson (Le Sueur County) – Project Manager

Direct: 507-357-8211

Email: [nathan.olson@lesueurcounty.gov](mailto:nathan.olson@lesueurcounty.gov)

## Project Updates:

- Project is in the planning stage

## ○ County-Wide Pavement Marking

**Project Details:** Paint application to the yellow centerline and white to fog lines on various roadways in the county. The county has a pavement striping project annually. Pavement marking can fade, lose reflectiveness, and sometimes degrade completely due to snow and ice removal and/or vehicular traffic. Replacement of these lines ensures visibility and safety for the traveling public. Project Contractor is unknown at this time.

# Le Sueur County 2026 Roadway Projects

**Timeframe:** Mid-summer

**Traffic Impacts:** Road to be open to traffic during paint application operations.

**Main Contact Info:** Nathan Olson (Le Sueur County) – Project Manager

Direct: 507-357-8211

Email: [nathan.olson@lesueurcounty.gov](mailto:nathan.olson@lesueurcounty.gov)

## Project Updates:

- Project is in the planning stage

## ○ County Road 117 Bridge Replacement Project

**Project Details:** Removal of the existing bridge on County Road 117 (Myrick St) in the City of Le Sueur. The bridge will be replaced with a 3-span concrete bridge. Project Contractor is unknown at this time.

**Timeframe:** Late spring to mid-summer.

**Traffic Impacts:** During the installation of the bridge, the road will be closed to traffic.

**Main Contact Info:** Nathan Olson (Le Sueur County) – Project Manager

Direct: 507-357-8211

Email: [nathan.olson@lesueurcounty.gov](mailto:nathan.olson@lesueurcounty.gov)

## Project Updates:

- Pre-construction
- Trees within the project limits have been removed.

## ○ 2027 – County State Aid Highway 15 Reconstruction Project

**Project Details:** The project is proposed to include CSAH 15 (271<sup>st</sup> Ave) from CSAH 16 (490<sup>th</sup> St) to CSAH 18 (Dog Creek Road). The project is needed to complete the following: reconstruct failing pavement, widen shoulders, add turn lanes, improve alignment near the lakes area, and replace drainage facilities. Project Contractor is unknown at this time.

# Le Sueur County 2026 Roadway Projects

**Timeframe:** January 2026 to December 2026 – Final Design and Construction Documents

Winter 2026/2027 – Construction Begins

**Traffic Impacts:** Roadway will be completely closed to through traffic.

**Main Contact Info:** Nathan Olson (Le Sueur County) – Project Manager

Direct: 507-357-8211

Email: [nathan.olson@lesueurcounty.gov](mailto:nathan.olson@lesueurcounty.gov)

## Project Updates:

- Project is in the planning stage.

## ○ Other County Roadway Projects

**Project Details:** Le Sueur County Highway Forces have numerous tasks throughout the summer that can have an effect on local traffic. These projects can range from a pothole repair to a culvert replacement. Typically, these operations can be scheduled and the local residents will be notified prior to any temporary road closures. However, some emergency corrections may prevent prior notices. A thank you in advance for your understanding on these occurrences.

**Timeframe:** Anytime

**Traffic Impacts:** Road may be closed completely for some operations.

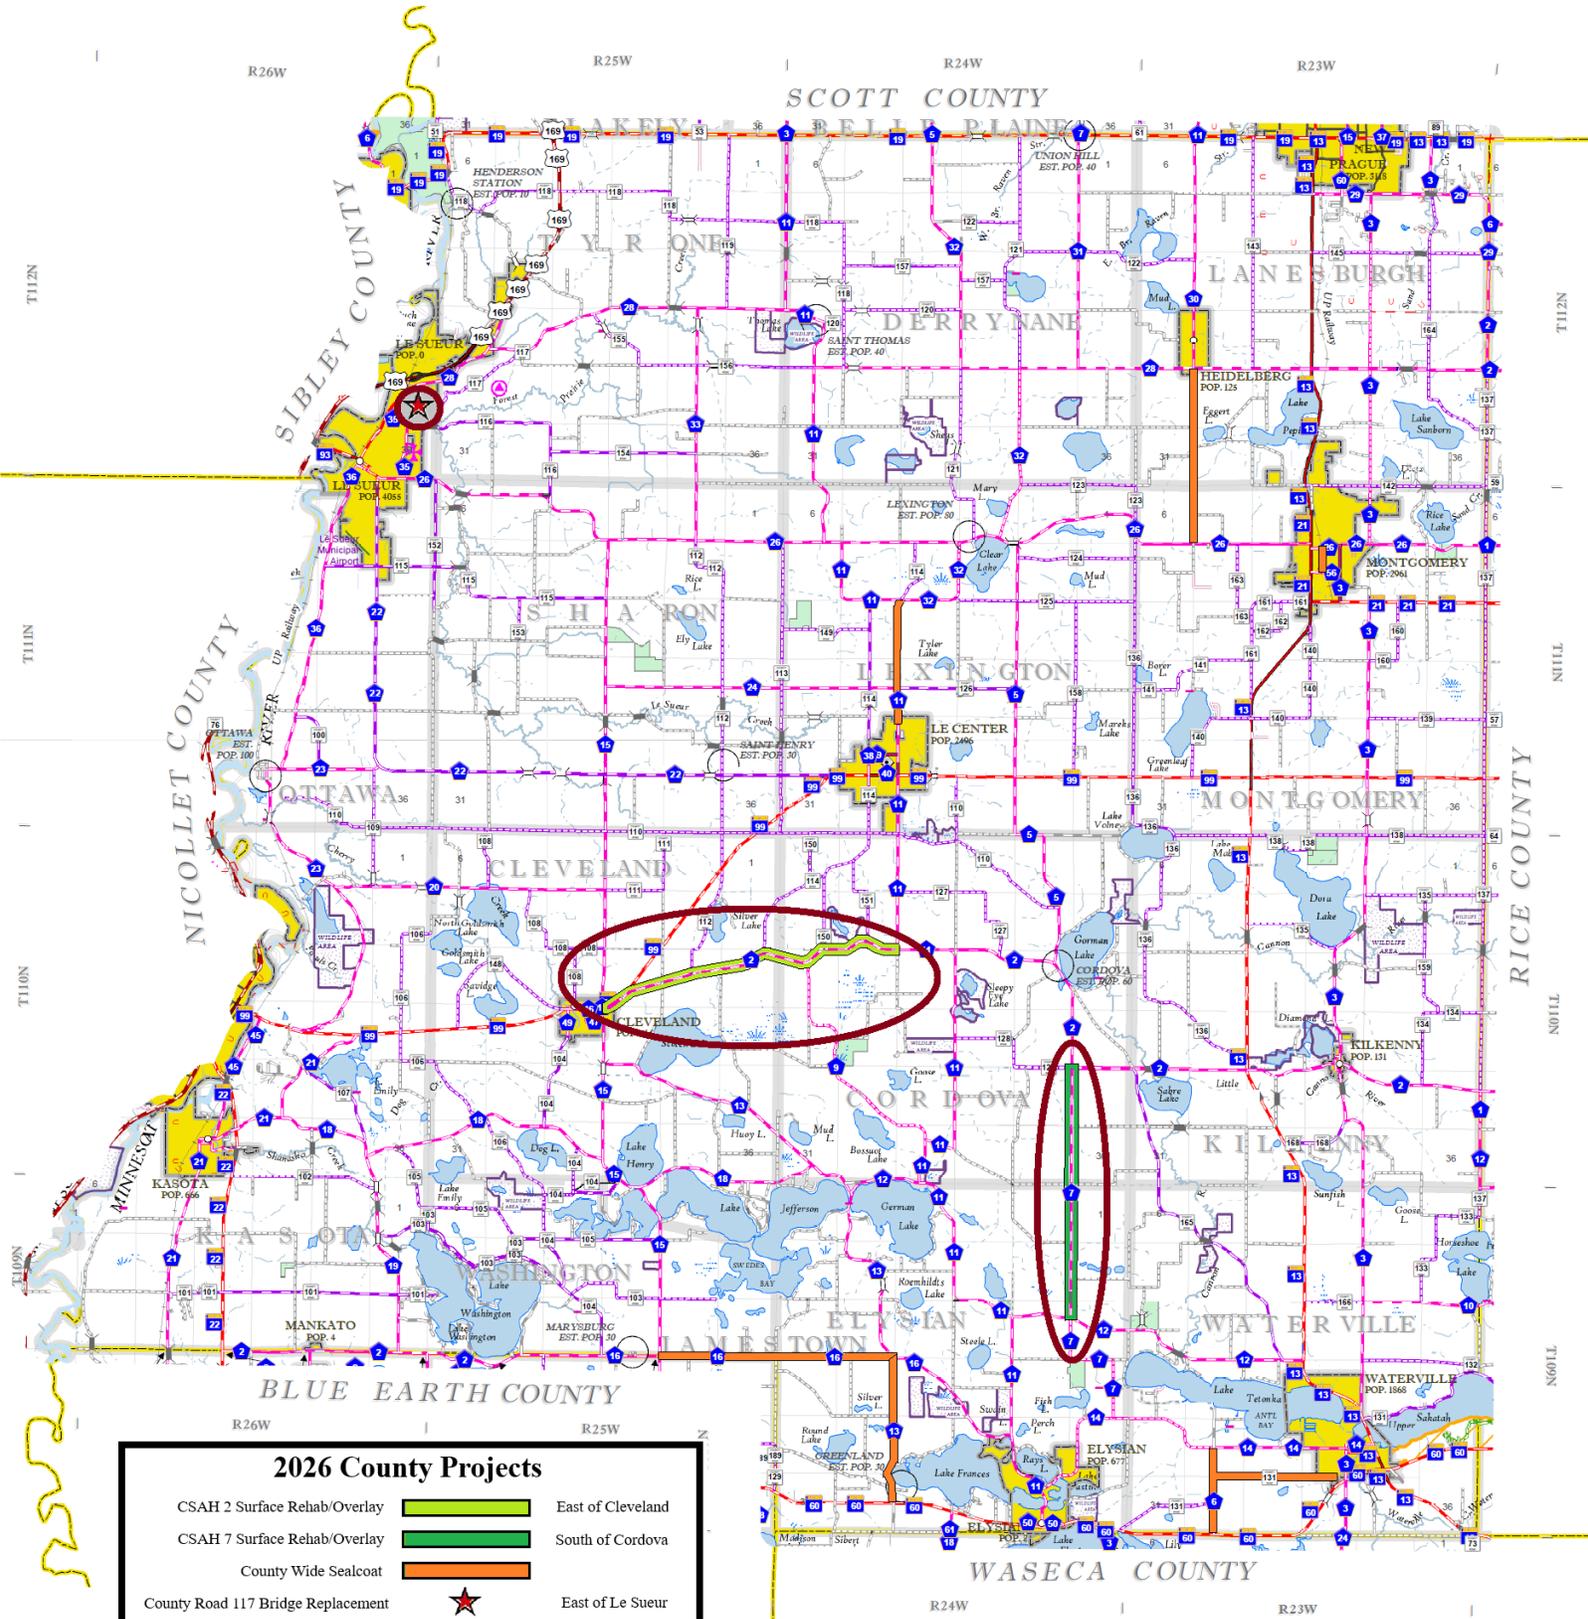

**Main Contact Info:** Nathan Olson (Le Sueur County) – Assistant County Engineer
